

# Science Problem Solving Hack—a—Thon

## Be part of the solution

Hosted by the Regional Science Consortium, join us in solving the most current environmental problems in the region.

Students will work in teams from multiple high schools to solve The Challenge. Students will develop leadership skills and the ability to work in a team while experiencing hands on STEM education.

First place will be given to the team with the most creative and realistic solution to the environmental challenge. The Challenge will be announced the day of the Hack-a-Thon.

When: February 2017

Where: Tom Ridge Environmental Center

Why: To Solve The Challenge!

*Lunch will be provided*
